

IAFI EVENT CALENDER 2024

Proposed Calendar of events during 2024

S.No.	Proposed Event	Event Schedule
1.	First National Preparatory Workshop for WTSA-24	10 th Jan, 2024
2.	National Workshop on Learnings from WRC-23 and the way forward, planning for WRC-27 and forthcoming ITU and APT meetings	22 nd -23 rd Feb, 2024
3.	World Telecommunication Day – Dinner Reception	17 th May, 2024
4.	IAFI Space Policy Conference 2024 (ISPC-24)	27 th -28 th May, 2024
5.	World Wi-Fi Day	20 th June, 2024
6.	AI Nexus: Unveiling Tomorrow's Intelligence	24 th July, 2024
7.	Spectrum for 6G	17 th August, 2024
8.	21 st Annual General Meeting and Workshop on CNPN	18 th Sept, 2024
9.	4 th India Spectrum Management Conference	05 th -06 th Nov, 2024

What Makes IAFI Different?

ITU-APT Foundation of India (IAFI) is a non-profit, non-political and non-partisan Industry Foundation registered as a society under the Societies Registration Act, 1960. IAFI has been working for the last 20 years with the sole objective of encouraging involvement of professionals, corporate, public/private sector industries, R&D organizations, academic institutions, and such other agencies engaged in the development of the Indian Telecom sector in alignment with the activities of the International Telecommunication Union (ITU) and the Asia Pacific Telecommunity (APT).

IAFI focuses on fostering international cooperation and promoting telecommunications in association with other countries, especially developing countries, mainly in Asia, and with other national and international bodies. IAFI also undertakes many other activities such as organizing training, seminars, research studies and sharing of information, with particular emphasis on rural development.

First National Preparatory Workshop for WTSA-24

Wednesday, 10th January 2024

Highlights

- Preparatory Meeting for the 2nd Meeting of the APT Preparatory Group for WTSA-24 (APT WTSA24-2) – 05 February 2024 – 06 February 2024 Virtual/Online Meeting
- Development of Draft Indian positions on various Resolutions of WTSA
- Inviting proposals for new WTSA resolutions

About the Program

The World Telecommunication Standardization Assembly (WTSA) is held every four years and it defines the next period of study for ITU-T. WTSA-24 is slated to take place from 15th to 24th October 2024 in New Delhi, India. The event is being hosted by the Department of Telecommunications, Govt. of India and Telecom Engineering Centre (TEC) is main focal point for coordination and compilation of various suggestions and inputs from India and aligning with Asia-Pacific Telecommunity (APT) for WTSA 24.

As a run up to the October event, IAFI is organising the first Preparatory Workshop for WTSA24 on January 10, 2024. Since WTSA serves as a critical platform for setting the agenda and shaping the future of international telecommunication standards, the workshop proposes to deliberate and steer dialogue between various stake holders on several areas and resolutions for researchers, startups and industry including Bridging the Standardization Gap between developing and developed countries, and the role of Open source in the ITU Telecommunication Standardization Sector. The inputs gathered will be compiled and suggestions will be submitted to DOT/ TEC/APT.

Key Focus Points of the Event

- Consideration of Report by ITU-T on the main outcomes of the WTSA-20 and any update on WTSA-24 preparation
- Identify issues and concerns of the Asia pacific region with regard to the WTSA-24 agenda.
- Have a dialogue with all stakeholders and members to distinguish key area of interest to the region so as to come up with strong regional common proposals to the Assembly.
- Deliberation on the inputs from members on several areas and resolutions for WTSA-24
- Consideration of the proposed preparation structure and work methodology for WTSA-24, in view of adoption

Regular Invites

Telecom Service Providers, Government officials from DoT and TEC, Industry organisations, Academia, Thinktanks, Global Associations, Regulatory and Policymaking bodies, Advisors to the Government of India among others.

Participating Organization & Industry

DoT, TEC, TRAI, TDSI, APT, ITU, Ericsson, Qualcomm

Learnings from WRC-23 and the way forward

Planning for WRC-27 and forthcoming ITU and APT meetings

Thursday, 22nd February 2024, Bangalore

Highlights

- Briefing on the outcomes of WRC-23
- Introduction to the agenda of WRC-27
- Briefing on the outcome of the first WP5D meeting after WRC-23
- Indian Preparations for the 32nd Meeting of the APT Wireless Group (AWG-32) 4 – 8 March 2024 Thailand

ITU-APT Foundation of India

World Telecommunication and Information Society Day Dinner Reception

Friday, 17th May 2024

Highlights

- Possible Awards Function on WTSID's theme of this year "Digital Innovation for Sustainable Development in 2024 and Gender Equality in Digital Transformation in 2025".
- Focus on 6G and ubiquitous connectivity

About the Program

World Telecommunication and Information Society Day (WTISD) is celebrated annually on May 17th. To commemorate the occasion IAFI has been observing WTISD every year. The day marks the anniversary of signing the first International Telegraph Convention and the creation of the International Telecommunication Union (ITU) in 1865.

In the workshop to be held on 17 th May 2024, the focus will be in line with WTSID's theme this year "Digital Innovation for Sustainable Development in 2024 and Gender Equality in Digital Transformation in 2025".

The workshop will present an unique opportunity for the ITU membership, partners, and other stakeholders to focus on the critical role of information and communication technologies for continued functioning of societies with special emphasis on raising awareness and innovation in the field sustainable development and gender equality through global cooperation to bridge the digital divide so that all can access new technologies and connect.

Key Focus Points of the Event

- Focus on 6G and ubiquitous connectivity
- Gender equality in digital Transformation and the road ahead
- Discussions on the various aspects of this year's Theme with all stake holding partners in society
- Digital divide and ways to resolve the key challenges
- Exchanges of ideas on the theme adopted by the Council
- Accelerating Digital Transformation in challenging time
- Using ICT to promote Sustainable Development Goals
- Raising awareness on innovation required in the field sustainable development

Regular Invites

Industry Associations, Telecom Service Providers (TSP), Government officials, Academia, Research Institutes, Thinktanks, Regulatory and Policymaking bodies, Advisors to the Government of India.

Participating Organization & Industry

MoSc, DoT, TRAI, ITU, C-DOT, TCIL, DIPA, Qualcomm, Ericsson

ITU-APT Foundation of India

The Annual IAFI Space Policy Conference (ISPC-24)

27th-28th May, 2024, New Delhi, India

Highlights

- Preparatory Meeting for ITU-R WP 4C (24 April 24 to 30 April 24) on Efficient Orbit/Spectrum Utilization for MSS and RDSS
- Preparatory Meeting for ITU-R WP 4B (29 April 24 to 3 rd May 24) on Systems, air interfaces, performance and availability objectives for FSS, BSS and MSS, including IP-based applications and satellite news gathering
- Preparatory Meeting for ITU-R WP 4A (1 May 24 to 9 May 24) on Efficient Orbit/Spectrum Utilization for FSS and BSS
- Preparatory Meeting for ITU-R SG 4 (10 May 24) on Spectrum Services

About the Program

Satellite communication services and the space industry at large offers a huge market potential in India with capability of attracting billions of Dollars as FDI, generating huge employment, and enhancing GDP growth, apart from initiating greater innovation and R&D. While the government has taken steps with fresh policy initiatives and reforms like unlocking the space sector to private players, and its decision to hold satellite spectrum auction soon which is highly encouraging for the industry, however, challenges remain that require to be addressed especially in the area of spectrum licencing, allocation and pricing. For promoting deliberation and discussion on these issues IAFI is hosting a national conference on Satcom spectrum opportunities and challenges on 18 th April 2024. The conference will focus on topics such as spectrum policies for satellite communication in India, the issues on spectrum for space services, Comparison of the regulatory practices and policies for spectrum allocation and pricing in different countries.

Key Focus Points of the Event

- Identification of the challenges and opportunities for satellite communications in India
- Development of a way forward for the allocation and pricing of spectrum for satellite communications in India
- If there is a need for a regulatory regime for a single window clearance for non-terrestrial satellite communication services.
- The Risks associated with Satellite Data
- Important issues relating to the new satellite technologies and how to maximize the potential of satellite broadband in India.

Regular Invites

Industry organisations, Telecom Service Providers, Government officials, Academia, Regulatory and Policymaking bodies, Satellite Associations & Organizations, Advisors to the Government of India.

Participating Organization & Industry

DoT, TRAI, OneWeb, ESOA, Telesat, ISRO, Hughes, INMARSAT

ITU-APT Foundation of India World Wi-Fi Day

Thursday | 20th June 2024

Highlights

- Global WiFi Day
- Evolving Standards of Wi-Fi 6 and 7
- Wi-Fi 6e- Opportunity and Challenges
- Importance of driving Enterprise Connectivity Forward
- Affordable Wi-Fi access use cases in both rural and urban areas
- Focus on increasing Public WIFI coverage.

About the Program

20th June is celebrated as the World Wi-Fi Day, to perhaps throw light on the fact that about 4 billion people across the world still do not have access to Wi-Fi, which by its ability to offer affordable connectivity can help plug the digital divide, connect the unconnected especially in developing countries.

IAFI will be marking this global event by organising a Wi-Fi workshop on June 20, 2024 to explore various aspects and developments in Wi-Fi; the fundamental role of Wi-Fi in our lives; the initiatives taken by the governments and industry so far in making Wi-Fi accessible to all and other topics such as Convergence of 5G, Delicensing of 6GHz Spectrum & Global Perspectives towards Wi-Fi and future roadmap.

Key Focus Points of the Event

- Evolving Standards of Wi-Fi 6 and 7
- Wi-Fi 6e- Opportunity and Challenges
- Importance of driving Enterprise Connectivity Forward
- Affordable Wi-Fi access use cases in both rural and urban area
- Focus on increasing Public WIFI coverage.

Regular Invites

Telecom Service Providers, Government officials, Industry Associations, Academia, Research Institutes, Global Associations, Regulatory and Policymaking bodies, Advisors to the Government of India & Consulting firms.

Participating Organization & Industry

DoT, TRAI, APT, ITU, Meta, WiFi-Alliance, Shure Incorporated, Jio, TATA Communications HFCL

ITU-APT Foundation of India
**AI Nexus: Unveiling
Tomorrow's Intelligence**

Wednesday, 24th July 2024

About the Program

The world of artificial intelligence (AI) is a rapidly changing landscape, with accelerating, fast paced innovations in the field that can steer national economic development. It is shaping the future of nearly every industry and is the main driver of emerging technologies like big data, robotics and IoT — not to mention generative AI, with tools like ChatGPT and AI art generators to mention a few. For an in-depth understating of the subject, the aspects of innovation in AI applications, interactions, and AI generation, IAFI is organising a conference on AI Nexus: Unveiling Tomorrow's intelligence on July 24, 2024. The conference will convene eminent speakers and panellists in this space to discuss topics on AI's influence on technology and future intelligence; AI's effect on productivity; can business entities begin to transform their own service delivery by adopting AI nexus; potential risks of AI, among others.

Key Focus Points of the Event

- The Economic Potential of AI nexus
- The goal of AI nexus protocol
- AI's effect on productivity
- Emerging new technologies and future AI's landscap
- Adoption of AI in developing countries
- Potential risk of AI and cybersecurity

Regular Invites

Industry organisations, Telecom Service Providers, Government officials, Academia, Research Institutes, Global AI offering companies, Regulatory and Policymaking bodies, Advisors to the Government of India, Bureaucrats & policymakers, Strategy Advisory & Consulting firms.

Participating Organization & Industry

DoT, TRAI, APT, ITU, Meta, Qualcomm, Ericsson

ITU-APT Foundation of India

Spectrum for 6G

Saturday, 17th August 2024

Highlights

- Focus on spectrum studies leading to WRC-27
- Focus on new spectrum sharing techniques

ITU-APT Foundation of India 21st Annual General Meeting & Workshop on CNPN

Wednesday, 18th Sep 2024

About the Program

IAFI's Annual General Meeting (AGM) is a yearly meeting where all the Executive Council, Corporate Members, Associate Members, Affiliate Members convene to take stock of the year's performance, activities that IAFI has accomplished. This provides a dais for members to interact face to face, have a dialogue and chart the path for next year's proceedings.

IAFI's sole objective for the last 20 years has been to encourage the involvement of professionals, corporate, public/private sector industries. IAFI's Annual General meeting is a platform for transparent and unhindered exchange of views, opinions on critical issues of IAFI so that a favourable outcome can be steered in terms of future roadmap and framework for further growth of the organization. This year's AGM will be held on 18th September 2024, in New Delhi.

Highlights

- To consider the Annual Report of the work done by the society in the past year (2023-24) by the President.
- To consider the Statement of Accounts of the society for the year 2023-24 as approved by the Executive Council.
- To appoint auditors and fix their remuneration
- Event Focus on spectrum for CNPN and Industries
- Licensing aspects for private and captive networks

Regular Invites

Regular Invitees, Members of Executive Council, Corporate Members, Associate Members, Affiliate Members, we also include individual and honorary members, IAFI has further expanded its membership schemes to academic Institutions/Universities. For all IAFI Members Corporates and Individual.

ITU-APT Foundation of India

4th India Spectrum Management Conference

5th-6th November 2024

New Delhi, India

#ISMC24

About the Program

The India spectrum Management conference (ISMC) is IAFI's annual mega event which focuses on key spectrum policies, issues, challenges and the way forward for future of wireless systems. IAFI's 3rd ISMC, a three-day mega event in New Delhi, was a resounding success drawing speakers and panellists of international repute and robust participation from the industry and experts in the field of telecommunication.

The 4th ISMC will be held on 10-11 October 2024, New Delhi and will serve as a prominent forum for in depth analysis, discussions on key issues related to spectrum – policy, allocation, pricing, uses, use cases, international best practices and the future of wireless systems in the country. It will be attended by national, regional, and global spectrum leaders. It will provide a high-level platform for networking and engaging in debates that shape the spectrum ecosystem in the country. At ISMC, attendees have the opportunity to connect with decision-makers and thought-leaders, as well as to stay informed about the latest developments in the field.

Key Focus Points of the Event

- Ubiquitous connectivity
- Role and spectrum requirement of NGSO systems for providing ubiquitous
- Connectivity
- Spectrum planning for different frequency bands
- A look into the future towards 6G & Spectrum Roadmap for the Future in India
- Building the 6G Connectivity Ecosystem
- New Vision and Process at spectrum plans of key operators
- Meeting the needs of all users in various bands
- The evolution of backhaul and FWA services
- Satellite Licencing Policy

Regular Invites

Regular Invitees, Industry organisations, Telecom Service Providers, Government officials, Academia, Research Institutes, Thinktanks, Global Associations, Regulatory and Policymaking bodies, Advisors to the Government of India, Bureaucrats & policymakers, Strategy Advisory & Consulting firms.

Participating Organization & Industry

Chief Guest from MOC and Senior ITU Dignitaries
DoT, TRAI, TEC, ISRO, DOS, BSNL, Qualcomm, Meta, Meta, GSA, 5GIF, Nokia, TATA Communications, Jio, Shure Incorporated

ITU-D Meetings - January to December, 2024

S No.	Meeting Schedule From-To		Study Group	Details	Locations
1	1/3/2024	31/3/2024	Seminar	5G Engagement and Experience Sharing in partnership with Member Administrations	On-Line
2	11/3/2024	16/3/2024	Seminar	PRIDA Spectrum sharing / EMF measurement workshop	Botswana [Gaborone]
3	13/3/2024	13/3/2024	Seminar	The launch of the Guidelines for pre-accession countries for meeting the EU digital agriculture requirement	Online
4	19/3/2024	21/3/2024	Seminar	PRIDA - Aeronautical Comm services workshop	Togo [Lome]
5	20/3/2024	20/3/2024	Seminar	The Global E-waste Monitor 2024: Media and Launch Event	Worldwide
6	29/3/2024	1/4/2024	Seminar	Information Session on Healthy Aging in Thailand through ICT	Thailand [Bangkok]
7	2/4/2024	5/4/2024	Seminar	PRIDA Workshop on Spectrum pricing & Audit	Namibia [Windhoek]
8	15/4/2024	17/4/2024	Seminar	PRIDA DDT and Spectrum issues workshop	Morocco [Rabat]
9	16/4/2024	18/4/2024	Seminar	Group on Capacity Building Initiatives (GCBI)	Switzerland [Geneva]
10	16/4/2024	18/4/2024	Seminar	People-Oriented Smart Cities and Communities	Cairo (Egypt)
11	18/4/2024	18/4/2024	TDAG.WG.S R	First meeting of the TDAG Working Group on Streamlining Resolutions (TDAG-WG-StreamRes)	Virtual Event
12	25/4/2024	25/4/2024	Seminar	Girls in ICT Day Thailand	Thailand [Bangkok]
13	14/5/2024	16/5/2024	Forum	Global DTC workshop	Indonesia [Bali]
14	17/5/2024	17/5/2024	Seminar	Priorities for Youth in the Digital World: Jobs & Education	Chile [Santiago]
15	20/5/2024	23/5/2024	TDAG	Telecommunication Development Advisory Group 2024 (TDAG-24)	Switzerland [Geneva]
16	20/5/2024	23/5/2024	TDAG	31st meeting of the Telecommunication Development Advisory Group (TDAG-24)	Switzerland [Geneva]
17	22/5/2024	24/5/2024	Seminar	ITU Interregional Training on Cybersecurity for Policymakers and National CIRTs	Russia [Moscow]
18	5/6/2024	5/6/2024	Forum	Greening Digital Companies 2024	Online
19	11/6/2024	13/6/2024	Seminar	Regional workshop for the Caribbean on promoting and measuring universal and meaningful connectivity	Bahamas [Nassau]
20	11/6/2024	11/6/2024	Forum	ITU side event at Ukraine's Recovery Conference in Berlin	Germany [Berlin]
21	18/6/2024	20/6/2024	Forum	Regional Workshop on Increasing Consumer Awareness for the Americas: Mechanisms to Promote Informed Consumer Decision Making	Brazil [Brasilia]
22	20/6/2024	20/6/2024	TDAG.WG.S R	Second meeting of the TDAG Working Group on Streamlining Resolutions (TDAG-WG-StreamRes)	Virtual Event
23	1/7/2024	4/7/2024	GSR23	Global Symposium for Regulators (GSR-24)	Uganda [Kampala]
24	2/9/2024	6/9/2024	Forum	ITU Policy and Economic Colloquium (IPEC-24)	Peru [Lima]
25	6/9/2024	6/9/2024	Forum	ITEC 2024	Peru [Lima]
26	17/5/2024	17/5/2024	Seminar	Priorities for Youth in the Digital World: Jobs & Education	Chile [Santiago]
27	23/9/2024	27/9/2024	Forum	Cyberdrill for Americas Region	Peru [Lima]
28	11/12/2024	13/12/2024	Forum	ITU Global Youth Summit (GYS-24)	El Salvador

ITU-R Meetings - January to December, 2024

S No.	Meeting Schedule From-To		Study Group	Details	Locations
1	5/3/2024	13/3/2024	WP 6A	Terrestrial broadcasting delivery	Switzerland [Geneva]
2	11/3/2024	14/3/2024	WP 6B	Broadcast service assembly and access	Switzerland [Geneva]
3	15/3/2024	15/3/2024	SG 6	Broadcasting Service	Switzerland [Geneva]
4	18/3/2024	22/3/2024	WP 7B	Space Radiocommunication Applications	Switzerland [Geneva]
5	18/3/2024	22/3/2024	WP 7C	Remote Sensing Systems	Switzerland [Geneva]
6	18/3/2024	18/3/2024	SG 7	Science Services	Switzerland [Geneva]
7	19/3/2024	22/3/2024	WP 7A	Time Signals and Frequency Standard Emissions	Switzerland [Geneva]
8	19/3/2024	22/3/2024	WP 7D	Radio Astronomy	Switzerland [Geneva]
9	25/3/2024	27/3/2024	RAG	Radiocommunication Advisory Group (RAG)	Switzerland [Geneva]
10	15/4/2024	19/4/2024	ITU (RRS)	ITU Regional Radiocommunication Seminar (RRS-24-CIS)	Kazakhstan [Astana]
11	16/4/2024	16/4/2024	CCT	Coordination Committee for Terminology (CCT)	E-Meeting
12	23/4/2024	23/4/2024	SG 4	Satellite Services	Switzerland [Geneva]
13	24/4/2024	30/4/2024	WP 4C	Efficient Orbit/Spectrum Utilization for MSS and RDSS	Switzerland [Geneva]
14	29/4/2024	3/5/2024	WP 4B	Systems, air interfaces, performance and availability objectives for FSS, BSS and MSS, including IP-based applications and satellite news gathering	Switzerland [Geneva]
15	1/5/2024	9/5/2024	WP 4A	Efficient Orbit/Spectrum Utilization for FSS and BSS	Switzerland [Geneva]
16	10/5/2024	10/5/2024	SG 4	Satellite Services	Switzerland [Geneva]
17	13/5/2024	13/5/2024	SG 5	Terrestrial Services	Switzerland [Geneva]
18	14/5/2024	24/5/2024	WP 5A	Land mobile service above 30 MHz*(excluding IMT); wireless access in the fixed service; amateur and amateur-satellite services	Switzerland [Geneva]
19	14/5/2024	24/5/2024	WP 5B	Maritime mobile service including Global Maritime Distress and Safety System (GMDSS); aeronautical mobile service and radiodetermination service	Switzerland [Geneva]
20	14/5/2024	23/5/2024	WP 5C	Fixed wireless systems; HF and other systems below 30 MHz in the fixed and land mobile services	Switzerland [Geneva]
21	29/5/2024	7/6/2024	WP 3K	Point-to-Area Propagation	United States [Denver, Colorado]
22	29/5/2024	7/6/2024	WP 3J	Propagation Fundamentals	United States [Denver, Colorado]
23	29/5/2024	7/6/2024	WP 3L	Ionospheric Propagation and Radio Noise	United States [Denver, Colorado]
24	29/5/2024	7/6/2024	WP 3M	Point-to-point and Earth-space propagation	United States [Denver, Colorado]
25	12/6/2024	19/6/2024	WP 1A	Spectrum Engineering Techniques	Switzerland [Geneva]
26	12/6/2024	19/6/2024	WP 1B	Spectrum Management Methodologies and Economic Strategies	Switzerland [Geneva]
27	12/6/2024	19/6/2024	WP 1C	Spectrum Monitoring	Switzerland [Geneva]
28	17/6/2024	17/6/2024	SG 3	Radiowave Propagation	Switzerland [Geneva]
29	20/6/2024	20/6/2024	SG 1	Spectrum Management	Switzerland [Geneva]
30	24/6/2024	28/6/2024	RRB-24.2	Radio Regulations Board (RRB)	Switzerland [Geneva]
31	25/6/2024	2/7/2024	WP 5D	IMT Systems	Switzerland [Geneva]
32	16/9/2024	27/9/2024	WP 7A	Time Signals and Frequency Standard Emissions	Kazakhstan [to be determined]
33	16/9/2024	27/9/2024	WP 7B	Space Radiocommunication Applications	Kazakhstan [to be determined]
34	16/9/2024	27/9/2024	WP 7C	Remote Sensing Systems	Kazakhstan [to be determined]
35	16/9/2024	27/9/2024	WP 7D	Radio Astronomy	Kazakhstan [to be determined]
36	9/10/2024	17/10/2024	WP 5D	IMT Systems	Switzerland [Geneva]
37	16/10/2024	22/10/2024	WP 4C	Efficient Orbit/Spectrum Utilization for MSS and RDSS	Switzerland [Geneva]
38	21/10/2024	25/10/2024	<u>WP 4B</u>	Systems, air interfaces, performance and availability objectives for FSS, BSS and MSS, including IP-based applications and satellite news gathering	Switzerland [Geneva]
39	23/10/2024	31/10/2024	<u>WP 4A</u>	Efficient Orbit/Spectrum Utilization for FSS and BSS	Switzerland [Geneva]
40	1/11/2024	1/11/2024	SG 4	Satellite Services	Switzerland [Geneva]
41	4/11/2024	8/11/2024	WP 6C	Programme production and quality assessment	Switzerland [Geneva]
42	5/11/2024	12/11/2024	WP 1A	Spectrum Engineering Techniques	Switzerland [Geneva]
43	5/11/2024	12/11/2024	WP 1B	Spectrum Management Methodologies and Economic Strategies	Switzerland [Geneva]
44	5/11/2024	12/11/2024	WP 1C	Spectrum Monitoring	Switzerland [Geneva]
45	5/11/2024	13/11/2024	WP 6A	Terrestrial broadcasting delivery	Switzerland [Geneva]
46	11/11/2024	19/11/2024	RRB-24.3	Radio Regulations Board (RRB)	Switzerland [Geneva]
47	11/11/2024	14/11/2024	WP 6B	Broadcast service assembly and access	Switzerland [Geneva]
48	15/11/2024	15/11/2024	SG 6	Broadcasting Service	Switzerland [Geneva]
49	18/11/2024	27/11/2024	WP 5C	Fixed wireless systems; HF and other systems below 30 MHz in the fixed and land mobile services	Switzerland [Geneva]
50	18/11/2024	29/11/2024	WP 5B	Maritime mobile service including Global Maritime Distress and Safety System (GMDSS); aeronautical mobile service and radiodetermination service	Switzerland [Geneva]
51	18/11/2024	29/11/2024	WP 5A	Land mobile service above 30 MHz*(excluding IMT); wireless access in the fixed service; amateur and amateur-satellite services	Switzerland [Geneva]
52	2/12/2024	3/12/2024	SG 5	Terrestrial Services	Switzerland [Geneva]
53	2/12/2024	6/12/2024	WRS-24	World Radiocommunication Seminar 2024 (WRS-24)	Switzerland [Geneva]

ITU-T Meetings - January to December, 2024

S No.	Meeting Schedule From-To		Study Group	Details	Locations
1	4/3/2024	15/3/2024	SG/WP 13	Future networks	Switzerland [Geneva]
2	13/3/2024	13/3/2024	TSB	Webinar Series on Cost Models for Affordable Data - Episode 3: Open-Ran best practices for affordable data services	E-Meeting
3	14/3/2024	15/3/2024	FG-AI4NDM	Focus Group Meeting FG-AI4NDM	United States [Baltimore, Maryland]
4	18/3/2024	19/3/2024	FG-AI4A	Focus Group on Artificial Intelligence (AI) and Internet of Things (IoT) for Digital Agriculture	India [New Dehli]
5	20/3/2024	21/3/2024	SG12RG-AMR	SG12 Regional Group for Americas	Mexico [Mexico City]
6	8/4/2024	10/4/2024	TSB Workshops	Second meeting ITU-T Focus Group on Costing Models for Affordable Data Services (FG-CD), and Associated Workshop	Malawi [Lilongwe]
7	9/4/2024	10/4/2024	FG-CD	Focus Group on cost models for affordable data services	Malawi [Lilongwe]
8	10/4/2024	12/4/2024	FG-TBFXG	Focus Group on Testbeds Federations for IMT-2020 and beyond	France [Sophia Antipolis]
